MEMORANDUM FOR: Deputy Director for Support

**SUBJECT : Weekly Report of the Office of Training
9 June 1966**

1. Audit of OTR

The summary of findings of the report of audit of OTR for the period 1 April 1965 to 31 March 1966 is: "Administration of funds and property by OTR continued to be satisfactory and in accordance with Agency policy and procedures. The audit did not disclose any significant deficiencies requiring corrective action by OTR."

2. Support CTs

Requirements are being assembled against which to determine the assignments of the officers who soon will complete the CT Support Course. We expect to have all assignments worked out by 10 June.

3. July CT Class

The box score for the July Class shows a total of 75 committed thus far, 56 externals and 19 internals. We probably will receive clearances on a few more in the course of this month, thus raising the possibility that we may have to backlog a few for carry over to the October Class.

5. National War College

In recent discussions, Colonel David Milotta and Dr. William Davis of the National War College staff praised the caliber of the students that the Agency has been sending to the N. W. C. for the last three years. They also expressed appreciation for the speaker support we have provided, singling out the participation of the DCI and [REDACTED] in particular.

① They prefer the old program for the War College "Day at CIA" (tours of the Building, including visits to the Library, the PM exhibit and the computers) to the current program of straight lectures in the Auditorium. Colonel Milotta pointed out that Agency people with operational experience are much more valuable as seminar participants than strictly DDI types. Up until this year, there has been no problem finding the proper participants, however, this April we had to send a DDI officer as a last minute substitute on the [REDACTED] panel. We hope to be able to resolve the question of DDP participation in these seminars as soon as possible.

② 6. Counterinsurgency Training

We have reviewed the conclusions of the training committee's report of the Taylor Committee on the quality of counterinsurgency training conducted by CIA. The findings were all laudatory and the report specified no area in which the Agency should initiate improvements.
